

Hello wonderful Performers and parents,

The following is everything you need to know about pieces to have for performances. Please go to <http://www.hwdancestudios.com/contact.html> and click on the Dancewear Solutions ad at the very bottom of the page to get to the website. The Performers get a small commission if you click through from the website, and every bit counts for costumes.

The following are pieces they will need:

MT2764 - black AND white shorts. These are the same shorts as last year, so if yours are in good shape you don't need to reorder. However, please do not substitute another style - even if you own other shorts, the look can vary quite a bit, so please be sure you own a black and white pair of this style.

B80 - black jazz shoes. These only need to be ordered if you need new black jazz shoes, otherwise what you have is fine.

MT757 white leotard. The white leotard we bought in the last 2 years is fine if you still have it and it still fits.

If you're in need of a new nude leotard, please try to match the color to the tone of your skin if possible. If you still have one that fits there's no need to buy a new one.

The bottom line is the only items that MUST be ordered this year are the black and white shorts if you did not order them last year. For other items, what you have will do if it still fits and is still in good condition.

Thanks so much.
